James City Service Authority		4,000	2,400	6,400
City of Newport News		2,010	2,750	4,760
City of Williamsburg		3,300	3,300	6,600
City of Virginia Beach		1,869	1,796	3,665
City of Hampton		1,573	700	2,273
City of Norfolk		875	250	1,125

(1) A system facilities charge for water service is assessed for each new separate service connection. The purpose of the charge is to defray in part the cost of providing major supply, transmission main, booster pumping and distribution facilities. A similar system facilities charge for sewer service is assessed for each new separate service connection. The current charge for a residential 5/8 inch meter is \$300 per bathroom fixture and has been in effect since 1997. The sewer service connection is also based on the size of the water meter.
