

RESOLUTION

ENCOURAGING COUNTY RESIDENTS AND BUSINESS TO

FOLLOW OUTDOOR WATER USE REGULATIONS

WHEREAS, the James City Service Authority's water system has been experiencing significant water demands; and

WHEREAS, these water demands have significantly surpassed historical levels and placed undue stress on the water system; and

WHEREAS, as a result of the sustained levels of water demand and a deep concern for the extended stress on the system causing a well facility failure further exacerbating the problem, the Board of Supervisors approved an Emergency Ordinance regulating the days and hours for outdoor water use for James City Service Authority customers; and

WHEREAS, many County residents obtain their water from Newport News Water Works, private wells or other water sources that are not subject to the provisions of the Emergency Ordinance.

NOW THEREFORE BE IT RESOLVED that the Board of Supervisors of James City County, Virginia, hereby requests that those citizens in James City County not subject to the provisions of the Emergency Ordinance adhere to the spirit and guidelines in the Emergency Ordinance to reduce confusion on who can use water for outdoor uses, maintain equity for all citizens, and conserve water.
