Regarding the August 12<sup>th</sup> BOS work session and meeting to adopt  
Vision for Our Future 2003 Comprehensive Plan.**

---

In preparation for the August 12<sup>th</sup> Board of Supervisors work session on the 2003 Comprehensive Plan, Michael Brown e-mailed John Horne on July 31<sup>st</sup> twenty questions/comments on the Land Use Section. On August 4<sup>th</sup>, Bruce Goodson emailed one additional comment about an Economic Development action. Additional comments were also received from Ms. Sue Moniak, Executive Director of Chambrel in a letter dated August 1, 2003. Staff has addressed these comments in several manners:

1. Attached is a word document containing Mr. Brown's and Mr. Goodson's concerns and how staff addressed each comment. Staff either provided the requested explanation, proposed additional language for Board consideration on August 12<sup>th</sup> or, if the proposed change was minor in scope, added the change to the revised errata sheet in the August 12<sup>th</sup> Board of Supervisors Meeting Packet that has been distributed under separate cover to you today. Therefore as you review the August 12<sup>th</sup> Board of Supervisors packet, in order to track all changes made, you will need to refer in conjunction to the Draft 2003 Comprehensive Plan as approved by the Steering Committee on May 28, 2003, the revised errata sheet in the August 12<sup>th</sup> Board Packet and the attached document containing staff's responses to Mr. Brown & Mr. Goodson's emails.
2. Regarding Treyburn Drive, Marvin Sowers sent a letter on August 5<sup>th</sup> to Ms. Sue Moniak of Chambrel, containing revisions to the Treyburn Drive Extension language in the draft Comprehensive Plan, based on the comments in her August 1<sup>st</sup> letter to Mr. Sowers. Both of those letters are attached for your reference. The Board may wish consider substituting the language in this letter in place of the language in the Errata Sheet on page 6, Item #21.
3. Note that attached to the errata sheet in the Board of Supervisors Packet is an email received by Staff from Brad Belo of the Chesapeake Bay Local Assistance Department, regarding Environment Action #19 on Page 6. In his email, Mr. Belo states that the changes proposed by the Board at the July 22<sup>nd</sup> Work session was unsatisfactory. Therefore, to ensure the 2003 Comprehensive Plan complies with the Chesapeake Bay Preservation Act, staff has amended Action 19 in the errata sheet per Mr. Belo's email.

If you have any questions or problems opening the attached material please contact staff, otherwise we will see you on Tuesday, August 12<sup>th</sup> at the work session.
