

Centerville Community Association

"A Community working together to bring about unity."

October 7, 2004

Michael J. Brown
Supervisor/Powhatan District
160 Devon Road
Williamsburg, VA 23188

Dear Mr. Brown:

The Centerville Community Association in memory of our late community president, Theodore Allen, is petitioning James City County to change the name of Colby Road to Theodore Allen Road.

Theodore Allen passed away on July 28, 2004. He left a legacy of caring, compassion, hard work and unity in the citizens of the Forest Glen/Centerville community. We want to remember and honor his legacy by renaming Colby Road after him, so that those who reside in the community will always tell his story. We believe that this will inspire another to raise up from within Centerville and work as hard as Mr. Allen did to bring positive transformation to Centerville and overall – James City County.

Attached is a petition of support/agreement signed by those who reside on Colby Road and in the Forest Glen/Centerville area. We ask that you seriously consider our request and will gladly submit any additional information that is needed in order to implement this change.

Should you need any additional information, please contact me at (757)345-0294, or you may send any written correspondence to Jacquelyn L. Brown, 126 Colby Road, Williamsburg, VA 23188. We look forward to hearing from you and thank you for your consideration in this matter.

Sincerely,

Jacquelyn L. Brown
