

## RESOLUTION

### HISTORIC TRIANGLE COMPREHENSIVE PLAN COORDINATION

WHEREAS, the Code of Virginia requires that all jurisdictions prepare and adopt a Comprehensive Plan addressing physical development within its jurisdictional limits for the purpose of guiding and accomplishing coordinated, adjusted, and harmonious development that will, in accordance with present and probable future needs and resources, best promote the health, safety, morals, order, convenience, prosperity, and general welfare of their inhabitants; and

WHEREAS, in the interest of promoting closer coordination and communication concerning Comprehensive Plan issues that cross jurisdictional boundaries, the Regional Issues Committee, and the Planning Commissions recommended, and the governing bodies endorsed by resolution in 2006, a process under which James City County, York County and the City of Williamsburg would adjust their five-year review cycles so that each begins its next review and update in 2010 and then every five years thereafter; and

WHEREAS, staffs of the three jurisdictions recommend revising the proposed update schedule to begin the next review and update in 2012, so as to allow incorporation of data from the 2010 U.S. Census and then beginning every five years thereafter.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of James City County, Virginia, that the following proposed schedule for the coordinated update of the James City County, York County, and the City of Williamsburg Comprehensive Plans be supported, endorsed, and approved as the framework for the update:

- Summer 2010 – staffs of the three jurisdictions identify opportunities for jointly conducted baseline studies and analyses of such things as population, economy, housing and transportation, as well as for a consistent format for the three plans.
- Fall 2010 – staffs of the three jurisdictions identify budget requests for any proposed jointly conducted baseline studies and analyses for consideration in the FY 2012 budget deliberations.
- Fall 2011 – discussion forum with planning commissioners from all three jurisdictions to identify consensus regional issues to be addressed.
- Winter 2012 – two public forums to allow comments on the regional issues previously identified to be held in the Williamsburg/James City County area and in Yorktown.
- Spring 2012 – discussion forum with planning commissioners from all three jurisdictions to review items discussed at the two public forums and to identify areas for coordinated efforts during the update process.
