BUDGET COMMENTS

The funding for the Regional Library System provides for the operation of both the Williamsburg and Norge branches. Beginning in FY 2000, the contract between the City and the County for Library services changed. A key provision in the revised contract brought Library employees under the County's personnel and pay plans.

The County contribution to the Library in FY 2005 is \$3,806,853. This amount fully funds the Library's request, allowing for the expected increase in health insurance rates, and an overall merit increase.

The City/County percentage in FY 2005 is calculated on the basis of FY 2003 circulation, and results in the following funding percentages: City - 16.84 percent; County - 83.16 percent.
