

Households and Population

Fiscal <u>Year</u>	Total <u>Population</u> ¹	Institutional <u>Population</u> ²	Total Household <u>Population</u> ³	Number of <u>Households</u> ⁴	Persons per <u>Household</u> ⁵
2003	53,100	828	52,272	21,160	2.47
2004	55,200	826	54,374	22,095	2.46
2005	57,542	839	56,703	22,974	2.47
2006	59,635	902	58,733	23,478	2.50
2007	61,495	962	60,533	26,507	2.28
2008	62,631	900	61,731	27,217	2.27
2009	63,696	834	62,862	27,567	2.28
2010 (Est)	65,717	892	64,825	28,432	2.28
2011 (Est)	67,434	892	66,542	29,185	2.28
2012 (Est)	69,188	892	68,296	29,954	2.28

¹ 2002-2009 Population Estimates are from the Weldon Cooper Center for Public Service at the University of Virginia. Estimates for 2010-2012 are from the 2009 JCC Comprehensive Plan demographics material provided by the JCC Planning Division.

² Institutional Population figures for 2002-2012 include Eastern State Hospital, Virginia Peninsula Regional Jail, and the Merrimac Juvenile Detention Center. 2002-2009 figures are reported from Calendar Year, Quarter 2, Population Estimates provided by the JCC Planning Division. 2010-2012 estimates are based on the average Institutional Population from the previous decade.

³ Total Household Population represents Total Population minus Institutional Population.

⁴ Number of Households figures are provided by the JCC Planning Division utilizing Certificate of Occupancy data from JCC Code Compliance Division. 2010-2012 estimates are calculated by dividing Total Household Population by Persons per Household.

⁵ 2002-2009 Persons per Household represents Total Household Population divided by Number of Households. 2010-2012 estimates are the previous year's calculation carried forward.
