

SECTION 19. USE OF WASTEWATER FACILITIES

- A. Purpose. The purpose of this Section is:
1. To provide for the adequate regulation of industrial wastewater discharges in sanitary sewer system in order to assure that the Authority and its customers comply with all applicable laws, rules and regulations; and
 2. To protect the wastewater facilities of the Authority.
- B. Adoption of regulations. There is hereby adopted by the Authority, to effect the purpose described in Section 19 (A)(1) above, that certain document entitled "Industrial Wastewater Discharge Regulations," Hampton Roads Sanitation District, revised November 1, 1990, except such portions as are deleted, modified or amended by this Section, and the same is hereby adopted and incorporated as fully as if set out at length herein. From the date on which these Regulations shall take effect, the provisions of this Section shall control in all matters contained herein.
- C. Additions, deletions, modifications, changes. The following additions, deletions, modifications and changes are hereby made in the "Industrial Wastewater Discharge Regulations" adopted by this Section and are hereby adopted as part of these Regulations.

Sec. 101. This section is deleted.

Sec. 102. This section is deleted.

Sec. 306(d). This subsection is amended to read as follows:

Unusual wastewater shall require a special rate as provided for in Section 32.

Sec. 410. This section is deleted.

Sec. 601(c). This subsection is amended as follows:

In lines three, four and five delete the words "Commissioners" and "Commission" and substitute the words "governing body."

Sec. 601(d). This subsection is amended as follows:

In line two delete the word "Commissioners" and substitute therefor the words "governing body".

Appendix A. Appendix A is amended by deleting paragraph (A).

Appendix B. Appendix B is amended by amending the following definitions to read:

- n. District: the Authority.
- u. General Manager: the General Manager of the James City Service Authority or his authorized agent.

D. Unpolluted and storm waters.

- 1. No person shall discharge or cause to be discharged any stormwater, surface water, groundwater, roof runoff, subsurface drainage, uncontaminated cooling water, water from a swimming pool or unpolluted industrial process waters to any public sewer.
- 2. Stormwater and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers, or to a natural outlet approved by the Authority and the State. Industrial cooling water or unpolluted process waters may be discharged on approval of the Authority and the State to a storm sewer or natural outlet.

E. Prohibited waste materials. No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewer:

- 1. Gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid or gas.
- 2. Waters or wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment plant.
- 3. Waters or wastes having corrosive property capable of causing damage or hazard to structures, equipment and personnel of the sewage works.
- 4. Solid or viscous substances in quantities of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, grease, feathers, tar, plastics, wood, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, and similar materials, either whole or ground by garbage grinders, or any unground garbage of any type.

- F. Discharge of Septic System or Other Wastewater Collection System. No person shall discharge any form of wastewater, stormwater, or any unauthorized discharge into a sanitary sewer collection system without written approval of the General Manager or his designee. Individual or firms servicing private septic systems or other wastewater collection systems will dispose of the extracted wastewater to the appropriate disposal site such as the HRSD Williamsburg Treatment Plant.
